Program Director – Amanda Randall

March 13, 2020

Shetek is first and foremost concerned about keeping our retreat guests, campers and staff safe from many different risks, specifically health risks now with the COVID-19 virus.

We are in communication with our local health officials and local health care facilities regarding best practices for limiting the impact of the virus. We are also monitoring the Minnesota Department of Health and the Center for Disease Control for their current recommendations.

Our staff will continue to be vigilant about disinfecting common areas for everyone's safety.

Shetek is planning to continue with scheduled retreat and program events at this time. Registration for our summer program is open and since there are currently so many unknowns, as of today, we are planning for a full summer of programming. We will inform everyone of any changes/updates through email, Facebook and local radio.

Please follow the recommended guidelines of washing hands, covering coughs and social distancing to keep yourself and others safe and to limit the spread of the virus. If you don't feel well, it is recommended that you stay home.

Our summer theme is "From Generation to Generation" and focuses on how God's presence and love has been with God's children since the beginning. We take comfort in knowing that God is with us through this time also. Please remember those who are suffering and impacted by COVID-19 and we'd appreciate it if you'd remember Shetek in your prayers also as we navigate these uncertain times.

Thank you for your partnership in ministry,

Marv Nysetvold
