June 13, 2020

Our summer staff have finished 2 weeks of online training with the topics we could cover online. We received word this week that the MN Department of Health (MDH) will be releasing guidelines on Monday regarding resident camps being able to offer programs starting in July. We are contacting our campers who registered for June 28th-30th to reschedule them in July. We will be working with our local public health officials and our local hospital as we plan for the summer. Our programs and site preparations are following the American Camp Association (ACA) and Environmental Health and Engineering, Inc. Camp Operations Guide, which follows the CDC recommendations and is continually updated. The rest of our staff will join us on June 24th to finalize preparations for beginning camp on July 5th. Camp will be very different this year but we are looking forward to offering faith development programs where campers will experience the Gospel in word and action. We will be sending out much more information next week to those who are registered for this summer.

Our staff are also developing online resources for our campers and families who may not be able to come to camp this summer. This is our “Shetech” program and you can sign up for it here - [SHETECH](#) There will be live sessions for worship for you to join and other resources for you to be a part of even though you’re not at camp. And it’s FREE! There is an option to buy a “Camp In A Box” for the week, if you choose. The “Box” will have activities and supplies for you to do the week you do “Shetech”.

Our online store has been busy also – order your items soon! <https://shetek.org/store/>

Watch for more information about our Quilt “Sale” this year instead of the auction. Our items will be listed in the online camp store starting June 27th.

If you have questions please send an email to camp@shetek.org or Marv at marv@shetek.org and we’ll get back to you.

During these times, take a break to “Be still and know that I am God.” Psalm 46:10

Peace,

Marv Nysetvold
Executive Director
