June 20, 2020

The MN Department of Health issued guidelines this week for overnight camps to begin operating starting on July 1. We are following those guidelines and are working with our local public health officials and our local hospital as we plan for the summer. Our programs and site preparations are following the American Camp Association (ACA) and Environmental Health and Engineering, Inc. Camp Operations Guide, which follows the CDC recommendations and is continually updated. The rest of our staff will join us on June 24th to finalize preparations for beginning camp on July 5th. Camp will be very different this year but we are looking forward to offering faith development programs where campers will experience the Gospel in word and action. Here are highlights of the detailed policies/procedures we are implementing this summer for the safety of our campers/staff/guests. [Shetek Safety Plan](#)

Have you checked out our online “Shetech” program yet? You can sign up for it here - [SHETECH](#) There will be live sessions for worship for you to join and other resources for you to be a part of even though you’re not at camp. And it’s FREE! There is an option to buy a “Camp In A Box” for the week, if you choose. The “Box” will have activities and supplies for you to do the week you do “Shetech”. This will be available certain weeks this summer.

Our Quilt “Auction” will be a sale in our online store beginning on June 27. Check out the items here in our Facebook album - [Quilts/Items](#) The sale will go live on Sat., June 27 here at the store - <https://shetek.org/store/>

If you have questions please send an email to camp@shetek.org or Marv at marv@shetek.org and we’ll get back to you.

Thank you for all your patience during these trying times. We are grateful for the support we’ve received from our congregations and donors.

“For the LORD is good and his love endures forever; his faithfulness continues through all generations.” Psalm 100:5

Peace,

Marv Nysetvold
